Carver High School

The scribes of Carver are reporting the latest news.

In English 12, the Seniors are studying a Unit on "Further Education," and are busy studying catalogues from different colleges trying to decide which one they wish to attend, though most of them have chosen Virginia State. There are a few who want to go to Howard, Stokes Beauty School, and Hampton Institute.

We now know what last year's Seniors went through, especially when they were forced to take Physics. That's one subject that's really tough. We are saying to the next year's Seniors, "If you can by any means, dodge Physics, please do!"

The members of the Junior Class are happy to say that they are doing nicely in French. The other classes seem to be wondering what the new song, "Frere Jacques" is. Their Student Council representatives are: Margaret Madison, Lillie Lewis, Warren Minnifield, and McKinley Tanner.

Tenth Grade class officers are as follows:

President, Sarah Watkins
Vice-Pres., Evelyn Wright
Secretary, Marjorie Reed
Ass't. Sec., Mary Evans
Treasurer, Mary Turner
Sgt.-at-arms, Donald Hart.

The first meeting of the Carver Glee Club was held on September 19. There were a large number of students present, eager to exhibit their musical ability. However, we proceded to elect officers, which are: President, Alberta Johnson
Vice-Pres., Jacqueline Lawing
Secretary, Sarah Watkins
Treasurer, Norrold Watkins
Director, Mrs. Harriett P. James.

We are expecting to have a very full program this year, and with the cooperation of members and officers, it will be a success.

The New Homemakers of America held a meeting on September 22. Officers for 1950-51 are:

President, Margaret Madison
Vice-Pres., Jacqueline Lawing
Secretary, Martha Trent
Ass't. Sec., Clarabelle Minnifield
Treasurer, Mary Evans
Sgt.-at-arms and Parliamentarian, Antionette Lawing
Reporter, Margie Reed.

Their objectives have been set up for the year. Looks as if we'll have a nice club. Mrs. Velma Elliott sponsors the group.

The New Farmers of America met September 22 and elected officers:

President, Norrold Watkins
Vice-Pres., Warren Minnifield
Secretary, McKinley Tanner
Treasurer, William Turner
Song Leader, Eugene Harris
Parliamentarian, Warren Jones
Chaplain, Charles Booker.

The next meeting will be held on October 13. The Rev. R. Q. Lawing is director of this group.

The Dramatic Club was organized on September 20. The officers:

President, Donald Doss
Vice-Pres., Herbert Fleshman
Secretary, Edna Williams
Ass't. Sec., Gertrude Mickle
Treasurer, Bernice Lewis
Director, Mrs. Harriett James.

The first objective is to present the play, "Good Gracious Grandma."

The Eighth Graders are proud to have Willie Lilly back in school. He was a victim of polio. The boys are doing a fine job painting the book shelves in the library. They are also going to struggle to win the Basketball Tournament this year.

Leon Turner and Winston Jones are the biggest filibusters in the eighth grade.

Mr. E. T. Johnson, who operates his amateur radio station, was the winner of one of the three prizes offered by the Virginia Amateurs of the American Radio Relay League. The station has operated here since 1947 with the prime interest of handling messages and acting in any emergency if other facilities are down. The station will handle any messages free of charge for any person who so desires to any place in the United States or a foreign country having amateur radio stations. The station has a power of 650 watts and operates all of the amateur frequencies allotted by the F. C. C.

The Seventh Graders are packed in their room like sardines in a can. They say they are treated like step-children. Besides being packed in they are given recess early and claim they can't mingle with the other students. What goes? They welcome Priscilla Romez, formerly of Bronx, New York, in spite of their difficulties. Officers for the year are:

President, Carrie Moore
Vice-Pres., and Sec., Helen McCoy
Treasurer, Helen Austin
Reporters, Helen McCoy and Helen Austin
Representatives to Student Council: Carrie Moore, Herbert Williams, Ruben McCoy, Henreitta Ferguson.

We are glad to see three new stoves installed on that very cold day when we were without any fire. Gee, what we have to go through to get an education,— frozen feet, hands, and shivering till noon. Seems a shame not to have a stove in four classrooms that are safe enough to light. The little kids at Camp were treated the same way!

We leave you with this thought: "Faith is the substance of things hoped for, the evidence of things not seen."

A. H. S. to play Randolph -Henry football team Friday night.

New Use For Old Windmills

I drove past Larson's farm last week and saw him perched on top of his 75-year-old windmill. "Still planning on tearing it down?" I shouted up to him.

"Not on your life," says Curly as he climbs down. "I'm getting myself a television set from Buzz Ellis' and he says this windmill is going to come in mighty handy."

"You see," Curly went on, "I'm going to put my TV antenna right on top of it. Since the windmill is higher than the house, I'll get the best reception around here—but if it wasn't for Buzz and his advice, I'd have scrapped it."

From where I sit, Curly's success as a farmer and his popularity in town is due, in a large part, to his open-mindedness and his willing ness to listen to people and their opinions. He'll listen to Buzz Ellis over a malted milk or he and I can talk politics—each with a glass of temperate beer. Yes, Curly's as modern as television itself!

Looks like a big car
One ride on Ford's Sofa-Wide seats (offering top hip and shoulder room in Ford's field) and you'll ask "Why pay more for roominess and comfort when Ford offers so much for so little?"
That's Ford's year ahead styling
White sidewall tires and wheel trim rings optional at extra cost.
Feels like a big car
Take a "Test Drive" in a Ford and you'll discover the fine car "feel" of cars that cost hundreds of dollars more. You'll have to keep reminding yourself that this is a low-priced car you're driving.
"Test Drive" it today!
IS a big car!
(IN EVERYTHING BUT COST)
Ford brings big-car V-8 power to the low-price field, too. Yet, with all its big-car features, Ford is low in first cost, low in upkeep, high in resale value.
